Accreditation

At present, the institute is not accredited by the National Board of Accreditation (NBA). However, the institute has initiated the process for obtaining NBA accreditation and is actively engaged in preparing and filling the prescribed proforma for the same.

All departments are systematically compiling the required data and documentation as per NBA norms and guidelines. Necessary information related to academic performance, faculty credentials, infrastructure, laboratory facilities, and outcome-based education is being carefully collected and verified.

The institute is making sincere and continuous efforts to meet the quality standards set by the NBA. The management and faculty members are fully committed to achieving accreditation, which reflects the institute's dedication towards academic excellence, quality improvement, and enhancement of overall institutional performance.
